

# May 2023

I can not believe the end of the year is already almost here. I would like to thank you all for allowing me to have the opportunity to meet you and your children. I have sincerely enjoyed it. I want to wish all of your children luck as they move on to kindergarten, I know that they will be successful.

This month we will be discussing moms and dad, what they mean to us, and what makes them so special. We will be finishing the year out with review games and activities and making ice cream.
