

# CLASSROOM NEWSLETTER

MARCH 2025

## WHAT WE ARE LEARNING

This month we explored recycling, and how we can reduce and reuse certain elements. We will navigate this study by reusing things such as newspaper, construction paper scraps, water bottles, and sorting different types of recycling materials

We also, will be working on our pet study! If you can please send in a picture of your pets at home, I would love for the kids to make a collage and have each child share about them.

## UPCOMING EVENTS

MARCH

14

No Preschool -  
Center Closed for  
Inservice Day

MARCH

17

No Pre - School  
Center is Open

## REMINDERS

please pack a lunch for your child on March 17. With the weather finally warming up, we will be outside more as the weather permits. Please dress your child accordingly and make sure a coat/jacket is available for them on cooler days. Yayyyy, Spring is here!

## CONTACT INFO

If you have any questions or concerns, please do not hesitate to reach out to me via the Remind App.
