

February 2023

Ms. Kennedy's class

Happy February everyone, we had a great start to our year, I'm excited to continue it with the month of love! We will start our month with all kinds of Valentine's fun, including our class Valentines Day parties! Our next study is buildings and boxes, during this study, if you have any size extra boxes laying around we would love to use them for more exploring in the classroom. We will finish the month learning and talking about lent and good deeds.
