# MAY

## Dear parents,

Can you believe that it is May already? The school year is coming coming to an end. It has been a pleasure getting to know each of your children and having you be a part of our "school family." Hopefully you and your child will have fond memories of their year or years here. I wish you and your family the best.

Sincerely,  
Miss Susie

## What we are Learning

During the month of May, we will be honoring both moms and dads as well as having an end of the year celebration. Students will be creating a homemade card and gift for each parent and will talk about what makes their parents special. Students will also partake in engaging end of the year activities such as parachute play, letter bingo, intriguing science experiments and more.
